

To the Applicant

Checklist

Subject: Application for the Blue Angel according to DE-UZ 12a for “Low-emission and low-pollutant paints and varnishes”

Dear Sir/Madam,

Your application for the award of the Environmental Label can only be processed without delay when the following are submitted to RAL gGmbH:

No.	Application via the web portal
1	Submit the application via: https://portal.ral-umwelt.de/
2	Annex 1: (Manufacturer's declaration/printed form), completed and signed . Upload as document.
3	List of all the primary products used (raw materials): Brand names and suppliers, as well as their proportions and functions in the manufactured paint/varnish. (Annex 2 and, if relevant, Annex 2a or Annex 2b). Upload documents.
4	Declarations from the producers of the raw materials (Annex 3) Upload document (zip file). For applications according to 3.1: Upload Annex 3a for every raw material.
5	Annex 4: Formaldehyde test report. Upload as document.
6	Up-to-date safety data sheets for the raw materials (Annex 5). Upload documents (zip file)
7	Safety data sheets for the products named in the application. (Annex 6). Upload documents. (as a zip file if more than one)
8	For applications according to 3.1: SVOC test report (Annex 7). Upload documents.
9	For applications according to 3.2: Test report for emissions test (Annex 8). Upload documents.
10	If biotest required: Test report on the determination of the minimum required quantity of preservative preparation (Annex 9). Upload documents.
11	Annex 10: Technical data sheets for the products named in the application. Upload document.
12	Annex 11: Container text for the products named in the application, preferably the layout of the label. Upload document.
13	If advertised as “preservative-free”: Test report for isothiazolinone (Annex 12). Upload document.

Notes:

Safety data sheets for the raw materials (Annex 5) and declarations from the producers of the raw materials (Annex 3 and Annex T) do **not** need to be submitted again if they were already submitted with an earlier application for DE-UZ 12a, Edition 2019.

If the safety data sheets for the raw materials have changed in the meantime, **new** declarations and SDS must be submitted.

Annex 3a can also be sent directly to RAL gGmbH by the raw material manufacturer/supplier (andrea.rimkus@ral.de)

The following must be submitted (or uploaded) for **applications to extend the environmental label** (products with an identical formulation) i.e. products applied for under a different product name and/or distributor:

- Annex 0, general application form (only for applications sent via post).
- Certificate of identical design and construction. (only for applications sent via post).
- Label/technical data sheet for the product
